## 59% OF DEPARTING EMPLOYEES STEAL COMPANY DATA.

Losing staff members is a reality of doing business. More damaging than loss of talented individuals though is the potential and likely loss of valuable, proprietary information a majority of departing employees carry with them.

OPTiMO Digital Forensics Departure Data Imaging and Integrity Services offers the level of preparedness needed to ensure an organization's vital data and information doesn't depart with former employees.

OPTiMO Investigators are experts at safeguarding and recovering everything from important files, applications & data transfers to web history, searches, emails and access logs.
